### Competitions

1. **Base running Competition-** Each team will have 1 player participate in the base running competition. There will only be one round. The player who can run the fastest time—one trip around the bases—wins. If a player misses any of the bases or does not touch home plate on their way in, he will be automatically disqualified.

2. **Long Ball Contest-** Each team will have 1 player compete in the long ball contest. There will be two rounds of 10 outs for each round. The top 3 players with the most points after round 1 will compete in the championship round. The point system is as follows:

- 1 point allotted for hitting the warning track.
- 2 points allotted for hitting the wall.
- 3 points allotted for hitting a home run.
- Foul balls, missed swings, & any ball that does not hit any of the areas mentioned above on the fly are automatic outs.

If by chance there is a tie in either round, there will be a tie breaker of 3 outs. Points are reset after a player reaches the second round, & the player with the most points in round 2 wins.

3. **Coaches Fungo-** Each head coach will participate in the coaches fungo competition. A trashcan will be placed in center field where each coach will have 6 attempts at placing a ball in the barrel with a fungo bat. In the event that no coach makes it in the barrel, the closest ball wins. One round.
